

Local Government Pension Scheme Bulletin

Issue 1

24th January 2023

Last chance to have your say on the Pension Fund's Net Zero Climate Strategy

The consultation on the draft Net Zero Climate Strategy (NZCS) will close on **midnight 5th February 2023**.

Further to Bulletin Issue 12, dated 21st November 2022 we are looking for employers (as well as scheme members) views on the Fund's draft Net Zero Climate Strategy, in recognition of the effect of climate change on the Fund. We would ask that employers produce a single organisational response.

Further information including the consultation link, the Draft Net Zero Strategy, and a summary document are available on [the Fund's website](#).

We would also be grateful if you could share this information via your own internal bulletin arrangements to notify scheme members of the consultation.

The consultation will close midnight on 5th February 2023 so please take the time to have your say. The outcome will be fed back to the Local Pension Committee on 3rd March 2022.

For more information, please contact Cat Tuohy: Cat.tuohy@leics.gov.uk,
Responsible Investment Analyst, Leicestershire County Council.

Regards,

Ian Howe

Pensions Manager
