### Background

7 EHC plans were audited. Health advice was audited alongside how the advice was interpreted and included within the EHC plan.

Judgements are made using: Outstanding, Good, Requires Improvement and Inadequate. Each question has a rating and an overall health advice judgement and an overall EHC plan judgement (for the whole of the EHC plan).

2

### Overall education health and care plan judgement:

### Judgement on health advice (all sections considered):

3

### EHC plan being clear and concise

- Reduce the repetition of diagnoses against each health service where it has been mentioned
- Provide a more concise narrative of the health information rather than copy and paste

### Services not providing advice

- Copy and paste of a Healthy Together response that states no involvement. Health do a general statement for Healthy Together when there has not been an involvement.

4

### Case recording on Pupil File

- A few health reports were not able to be accessed as they are password protected. This can also be an issue around Egress emails.

7

### What happens next?

A briefing will be provided to: The CCG through the Designated Clinical Officer; Community Paediatricians, Therapy Services, Healthy Together, Nutrition and Dietetics and SENA.

6

### Helpful to know

- Did you know that you can book some time with the Designated Clinical Officer Jane Young or email her about the quality of health advice?

### Quality Assurance of names

- Out of the 7 EHC plans audited, 5 contained the incorrect spelling of names. The names were copied directly from health advice.
