

## NEMMDR - Melton Mowbray Distributor Road UPDATE June 2024

### Our community support continues...

You may recall when the project started last year we reached out to the community and offered our support with local community initiatives whilst we are working in the area delivering the project. We contacted numerous charities, community hubs and the Melton Education Trust. We continue to develop relationships and have supported many worthy causes in the local area to date. Having contacted Asfordby Hill Primary school we arranged a meeting with Sophie Harby EYFS teacher who had reached out for support with her learning provision garden project. The children's outdoor learning and development area has many themes one of which is a construction related play area.

With support from the MMDR project delivery team including Collins Earthworks and HW Martin Traffic Management we provided all the equipment needed to enhance the construction activity play area.

TRAFFIC MANAGEMENT EXPERTS

*We are thrilled to have been gifted a variety of children's building equipment donated by the Melton Mowbray bypass project team. It has enhanced our new outdoor learning provision. The children absolutely love wearing the new high vis jackets and hard hats which have been kindly provided in child friendly sizes. They have also had great fun on the dumper truck and have enjoyed trying to pedal it over the bridge. Thank you again for the donation. The children love exploring the new resources.*

### Road Closure Update

There are no planned road closures throughout June 2024. We have two closures scheduled to commence in July 2024. The A606 Burton Rd and Scalford Rd. Details of both closures will be distributed over the next coming weeks and available on the project road closure website:

<https://www.leicestershire.gov.uk/roads-and-travel/road-projects/north-and-east-melton-mowbray-distributor-road-scheme/construction-updates-and-road-works>

Once you have logged in please look at the forthcoming road closure section for details.

On behalf of Galliford Try and Leicestershire County Council We would like to take this opportunity to apologise for any inconvenience which may be caused during the construction of the scheme and thank you for your continued support and cooperation to date.

### Temporary two way traffic lights safety alert.

The delivery of the project requires temporary two way traffic lights across the scheme . For your own safety and that of our workforce please adhere to traffic light systems when operational
