Twinlakes & Melton Rotary Club fund raising support.

Having established contact with local stakeholder Twinlakes we regularly liaise and discuss the schemes progress and how we can help to reduce any impact on visitors to the theme park. We have developed a good relationship and were asked if we could help to promote a fund raising dance on behalf of the Melton Rotary Club. We agreed and promoted the event internally. In addition to this and with support from our project delivery partners we have raised over a £1000 as a donation to kick start the funding.

Making a Difference

Phillip Bendall Twinlakes Director said: *“On behalf of Melton Rotary Club and Twinlakes we would like to thank GallifordTry and the NEMMDR project delivery partners for their support and kind donation. The money raised will support the development and staffing of a youth club based at the Melton Learning Hub”.*

Storehouse foodbank.

The NEMMDR project team are playing an active part in supporting Storehouse (foodbank), a local charity which supports those in need of food and clothing. The project teams support started in December and has continued.

Siggy Atherton Storehouse Business Manager said: *“Storehouse is very grateful for all the support it receives from NEMMDR team and would like to say a big thank you to all those involved. We rely heavily on the local support of very generous people who donate food, clothing and other items to help the people most in need in our local area, and without your generous donations Storehouse would not be able to support those in need. So thank you again”.*
