

## NEMMDR - Melton Mowbray Distributor Road UPDATE October 2024

### Local community goodwill gesture..

Our site operatives regularly visit the “Saxby Road Cob Shop” for their lunch and have got to know the staff very well. The Shop has a small courtyard that has weathered over time and needed a good clean. During their lunchtime break two of our team provided their services and jet washed the courtyard.. This goodwill gesture makes all the difference locally and we were pleased to have been able to help out.

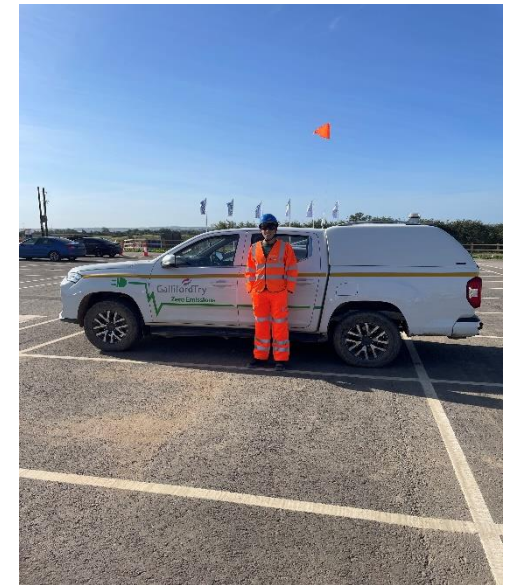

*We would like to take this opportunity to thank you for pressure washing our court yard. We were very impressed with how clean it became when it was finished. The job was carried out with much professionalism and health and safety was forefront. We are so very grateful.*  
*Kind regards,*  
*Saxby Road Cob Shop.*

### Our work experience placement programme continues ...

Local student Tom Marshall joined the team for a week to gain further understanding of our industry and experience the day to day life of a construction engineer.

**Tom Said:** *I am aspiring to pursue a career in civil engineering and therefore I was interested in gaining valuable experience in the built environment, especially on-site experience, as I know how important it is within this field especially when applying for jobs and universities. My week at GT gave me that first-hand experience; it has also enabled me to further develop my understanding of engineering contractors, knowledge of highways and bridges and allowed me to use industry standard equipment such as the Leica Total Station. Thanks again to GT for facilitating my week at the MMDR project and making sure I saw everything on site and explaining techniques and methods that are used in the construction and design process.*

## Progress and upcoming works

### Summary of work progressed or completed in September 2024.

- Culvert installation works across scheme.

- Bridge structure installation works.

- Earthworks ongoing across scheme.

- Footways and road layout works.

### Summary of planned and ongoing work for October 2024

- Roundabout construction works on A607.
- Bridge structures and culvert installations ongoing across scheme including Saxby Road.

Updated scheme photographs and drone footage is available for you to view on this link [MMDR on Kuula](#)

### Road Closure Update

We have two closures planned throughout October 2024.

B676 Saxby Road will be closed between Monday 7<sup>th</sup> October and reopen Sunday 20<sup>th</sup> October & The A607 will be closed between Monday 21<sup>st</sup> October and reopen Thursday 5<sup>th</sup> December

Further details are available @ <https://www.leicestershire.gov.uk/roads-and-travel/road-projects/north-and-east-melton-mowbray-distributor-road-scheme/construction-updates-and-road-works>

Once you have logged in please look at the forthcoming road closure section for details.

On behalf of Galliford Try and Leicestershire County Council we would like to take this opportunity to apologise for any inconvenience which may be caused during the construction of the scheme and thank you for your continued support and cooperation to date.

**Temporary two way traffic lights safety alert.**

The delivery of the project requires temporary two way traffic lights across the scheme . For your own safety and that of our workforce please adhere to traffic light systems when operational.
