The development of more provisions will help improve choice for parents/carers and pupils, and will have the added benefit of enabling pupils to be educated in their locality/community.

Locally, and nationally, demand for SEND places has risen and forecasts for the next 5 years indicate demand will rise by up to 235.6% for Mainstream Enhanced Resource Base and 142% respectively for Special Schools.

#### 4. Objectives

Leicestershire County Council proposes to increase the permanent capacity of St Botolph's Church of England Primary School, Woodcote Primary School and St Hardulph's Church of England Primary School by 46 places for pupils requiring SEND provision to meet the demand for school places in the Loughborough and North West Leicestershire District, both at the current time and in the future.

The projects fulfil Leicestershire County Council's statutory obligation of providing sufficient school places and to try to ensure pupils are able to attend their local primary school. The changes will also assist schools in improving educational standards by preventing excessive class sizes and will also ensure parental choice is maintained through the provision of the additional places.

#### 5. The effect on other schools, academies and educational establishments within the area

It is not anticipated that there will be any effect on other schools, academies and educational establishments within the area.

#### 6. Project costs and indication of how these will be met, including how long term value for money will be achieved

The projects to build 3 Enhanced Resource Bases on the school sites will cost £215,000.

Project costs will be met from the Local Authority Capital programme.

Long term value for money will be achieved by building to appropriate building and DfE requirements to ensure it can be used long term.

#### 7. Implementation and any proposed stages for implementation

It is proposed that the schools will increase their SEND capacity by 46 places with effect from September 2025 and September 2026.

The new school accommodation will be completed October 25 and September 26 to enable the school to offer the number of available places for the 2025/26 and 2026/25 school year.
