Dear Sir/Madam,

**PRE-SUBMISSION CONSULTATION ON LEICESTERSHIRE MINERALS
AND WASTE LOCAL PLAN**

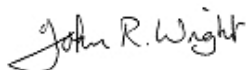

The County Council has published a pre-submission Minerals and Waste Local Plan for Leicestershire. The Plan has been prepared following the most recent consultation on a draft document between July 2015 and August 2015. The responses received on the draft document have been used to inform the preparation of this document.

This consultation provides you with the final opportunity to comment on draft policies and proposals related to the winning and working of minerals and waste management development in the County for the period to 2031. After consideration of any representations received on the Plan, the Plan will be formally submitted to the Government for an independent public examination.

The pre-submission Plan and a response form can be viewed on the Council's website at www.leics.gov.uk/minerals_and_waste_local_plan together with supporting evidence including the Sustainability Appraisal of the emerging policies and proposals.

I would be grateful to receive any comments you wish to make by **17:00 on 23rd September 2016.**

Yours faithfully,

John Wright (Team Leader, Planning)
