SECTION 3 – Two Step Verification

Introduction

If two step verification is enabled, you will be sent a verification code every time you sign in.

If two step verification is not enabled, a message is displayed when you log into the Citizen Portal with a link to enable it if you want to.

Enabling Two Step Verification

To enable two step verification:

1. Select the My Account tab in the top right hand corner of the screen
2. Select **Two Step Verification** tab. You will see the following page.

👤 Sign out

Two Step Verification

Two Step Verification is our way to make your data more secure.

If you enable Two Step Verification, we will send you a Verification Code every time you sign in. This helps us keep your data safe.

Some areas require Two Step Verification to be enabled before you can use them. We will tell you when you try to access if you do not already have Two Step Verification enabled.

Changing your preference will sign you out, and you will need to sign in again.

SECTION 4 – FAQ's

I have filled in the online form to register but have not yet received an email

- It is possible that the email has been quarantined by anti-spam measures taken by your Internet Service Provider or by settings in your mail client.

Check to make sure that, if you are an Outlook/Outlook Express user, the relevant email has not been misidentified as "junk" and deposited in the Junk folder. If the email has definitely not been delivered to you then contact your ISP to see whether the email can be tracked and its fate discovered.

The service providers who suffer most from the problem of incorrectly identifying key emails as spam have proved to be aol.com, hotmail.com, hotmail.co.uk, yahoo.co.uk, yahoo.com and btinternet.com

I have forgotten my password

- Visit the home/log in page, click on the link "Forgotten your password?" and enter your username.

A new email will be generated and sent to your registered email address with a link to reset the password details.
