

LEICESTERSHIRE COUNTY COUNCIL

FULL PROPOSAL TO INCREASE THE CAPACITY OF ANSTEY THE LATIMER PRIMARY SCHOOL FROM 315 TO 420 PLACES

Notice is hereby given in accordance with the Education and Inspections Act 2006 and The School Organisation (Prescribed Alternations)(England) Regulations 2013 that Leicestershire County Council proposes to increase the capacity of Anstey The Latimer Primary School from 315 to 420 pupil places.

1. Name, address and contact details of proposer

Leicestershire County Council, School Organisation Service, Children and Family Services, County Hall, Glenfield, Leicester LE3 8RF
Tel: 0116 3050970
Email: Alison.Stanley@leics.gov.uk

2. Name, address and category of school

The Latimer Primary School, Latimer Street, Anstey, Leicestershire LE7 7AW. (DFE No 2001)
A Community School.

3. Description of alteration and evidence of demand

An expansion of the school which will increase its capacity from a 315 place school to a 420 place school, with the school's published admission number increasing from 45 to 60 pupils per year group. The increase to 60 will initially apply to the reception year group only which will then feed through the school year on year with the remaining year groups retaining the current admission number of 45 in the interim. It is proposed that this will have effect for admissions which are due to start on or after Tuesday, 28th August 2018.

The increase in numbers will be accommodated by the addition of a two classroom block and internal alterations to the existing school.

There are currently 328 pupils on roll (as at the school Autumn Term Census 2017). This figure is forecast to increase to 380 within the next 5 years due to the increase in birth rate and additional housing which cannot be accommodated in the current schools within the local area.

4. Objectives

Leicestershire County Council proposes to increase the permanent capacity of The Latimer Primary School to meet the demand for school places in the area, both at the current time and in the future.

The proposals will allow the school to provide additional classes to cope with the increasing demand arising from the increasing birth rate and number of new housing developments within the Anstey area.

The project fulfils Leicestershire County Council's statutory obligation of providing sufficient school places and to try to ensure pupils are able to attend their local primary school. The changes will also assist schools in improving educational standards by preventing excessive class sizes and will also ensure parental choice is maintained through the provision of the additional places.

5. The effect on other schools, academies and educational establishments within the area

There are 7 Leicestershire primary schools within 2 miles of The Latimer Primary School although only one of these is within the settlement of Anstey: Anstey Woolden Hill Primary School, Glenfield The Hall School, Glenfield Primary School, Thurcaston Richard Hill Church of England Primary School, Groby Elizabeth Woodville Primary School, Groby Lady Jane Grey Primary School and Groby Martinshaw Primary School.

The majority of schools within 2 miles of The Latimer Primary School are full and by providing additional accommodation at the Latimer Primary School we will reduce the likelihood of schools within the area having to exceed their admission number.

It is not anticipated that there will be any effect on other schools, academies and educational establishments within the area.

6. Project costs and indication of how these will be met, including how long term value for money will be achieved

The project to increase the capacity at The Latimer Primary School from 315 to 420 will cost £800,000 (latest estimated figure 16.01.2018). The project is funded from the Basic Need Capital Programme for 2017/18 and S106 developer contributions.

Long term value for money will be achieved by ensuring value for money building and that the work done will be built to appropriate building and DfE requirements to ensure it can be used long term.

7. Implementation and any proposed stages for implementation

It is proposed that the school will increase in capacity from a 315 place school to a 420 place school with effect from Tuesday, 28th August 2018. In line with this the school's published admission number will increase from 45 to 60 pupils. This increase to 60 will initially apply to the reception year intake only for 2018, feeding through the school year on year.

The new school accommodation completed in the Autumn Term 2018 to enable the school to increase the number of admissions for the 2018/19 school year.

Within four weeks from the date of publication of this proposal, any interested party may support, object to, or make comment upon the proposal by sending them to School Organisation Service, Children and Family Services, County Hall, Glenfield, Leicester LE3 8RF or by email to Alison.Stanley@leics.gov.uk

The closing date for comments and objections is Wednesday, 9th May 2018.
