

## LIST OF ARCHAEOLOGICAL CONTRACTORS & CONSULTANTS

Last updated 7<sup>th</sup> January 2019

The following are lists of archaeological contractors, consultants and historic buildings specialists. Leicestershire County Council does not maintain a list of recommended organisations, however, the following document include those organisations who have either worked or expressed an interest to work in Leicestershire and Rutland. The list is ordered by locality, commencing with Leicestershire and Rutland, followed by the adjacent counties and finally nationally based organisations. Those who have qualified as 'Registered Organisations' with the Chartered Institute for Archaeology are denoted by the abbreviation R.O., further information concerning the Institute for Archaeology and the complete list of Registered Organisations can be found at [www.archaeologists.net](http://www.archaeologists.net). At the end there is then a list of those contractors who are able to undertake **geophysical survey** or other scientific specialisms. The majority of contractors will also be able to undertake **historic building work** and/or organise **geophysical survey** work.
