

Bus Services 100 & 113

COMMUNITY ENGAGEMENT MEETING

Passenger transport is changing in Leicestershire and, at the same time as the county council is facing significant financial challenges, we are also trying to offer a better service to residents. The county council has developed a new Passenger Transport Policy and Strategy (PTPS) to ensure its passenger transport provision is fit for purpose and cost-effective.

We are reviewing all contracted services across the county. The review of services 100 (Leicester - Melton Mowbray) and 113 (Melton Mowbray - Oakham) is now complete and the intended course of action is to integrate the two services and to change routes, timings and frequencies accordingly. For any Leicestershire villages which will no longer be served by a bus, a bookable demand responsive transport (DRT) service will be provided.

The council would like to engage with affected communities on the outcome of the review and the intended course of action.
