1. **Introduction**

1.1. The purpose of the Fair Access Protocol is to ensure that vulnerable children and young people who are not on a school roll are found a school place quickly and fairly, so that the amount of time any child is out of school is kept to the minimum. The protocol also makes sure that all schools and academies admit their fair share of vulnerable children. Every local authority is required to have in place a Fair Access Protocol, developed through consultation with local schools and academies.

1.2. The protocol needs to be agreed with a majority of schools and is then binding on all schools in the area\(^1\).

1.3. The statutory basis for the protocol is the Fair Access guidance included in the National School Admissions Code\(^2\).

2. **Who Fair Access Applies To:**

2.1. Leicestershire’s Fair Access Protocol will include the following children\(^3\) of compulsory school age who have difficulty securing a school place:

- Children involved with the criminal justice system or Pupil Referral Units who need to be reintegrated into mainstream education;
- Children who have been out of education for two months or more;
- Children of Gypsies, Roma, Travellers, refugees and asylum seekers;
- Children who are homeless;
- Children with unsupportive family backgrounds for whom a place has not been sought;
- Children who are carers;
- Children with special educational needs, disabilities or medical conditions (but without an Education and Health Care Plan (EHCP));

2.2. Looked after children and children with EHCPs are further groups of children for whom special arrangements apply, as indicated below.

2.3. Schools not wishing to admit a particular child with behaviour difficulties\(^4\) may ask the local authority to consider this case under this protocol\(^5\). The local authority will invoke this Fair Access Protocol if the school can demonstrate that:

---

\(^1\) Ibid section 3.9  
\(^2\) [http://www.education.gov.uk/aboutdfe/statutory/g00213254/school-admissions-code-2012](http://www.education.gov.uk/aboutdfe/statutory/g00213254/school-admissions-code-2012)  
\(^3\) This list of groups is as suggested as the minimum scope of Protocols in the statutory admissions code (section 2.15).  
\(^4\) This does not include children looked after, previously looked after, or a child with a statement of special educational needs naming the school in question.  
\(^5\) National Schools Admissions Code, section 3.12
• The pupil has a well-documented recent history of challenging behaviour, and either,

• The school is currently judged to require special measures and pupil behaviour is a key issue, or

• The school has already admitted two or more students under Fair Access in the particular year group for which a place is sought in the last 12 months.

3. Principles

3.1. The local authority must have a Fair Access Protocol, in which all schools (including Academies) must participate since it is binding on the admission authorities for all schools and academies.

3.2. For Secondary aged children the School Admissions Service will initiate the process of Fair Access in order to enable the Secondary Education and Inclusion Partnerships (SEIPS) to allocate an appropriate school place. The School Admissions Service will ensure that the decisions of the SEIPS Fair Access Panels are followed through.

3.3. For primary aged children the School Admission Service supported by Oakfield Short Stay School will operate the protocol.

3.4. Schools (including Academies) should work together collaboratively, taking into account the needs of the child and those of the school / academy. There is no duty to comply with parental preference when allocating places through the Protocol but it is expected the wishes of the parents and young people are taken into account and that all pupils will be on a school roll.

3.5. When seeking to place a child under the Protocol, all schools and academies should be treated in a fair, equitable and consistent manner. No school should be asked to take a disproportionate number of children who have been excluded from other schools. This does not apply to Children in Care or Children with statements, for whom separate admission arrangements apply.

3.6. Secondary Schools working together in their local SEIP under the leadership of the Chair of the Partnership and the local Co-ordinator will seek to ensure that Fair Access allocations balance a fair sharing between schools with securing provision that is in the child’s best interests. Schools receiving a child allocated through the FAP may then refer to the local SEIP for access to the additional delegated resources. These are designed to support the provision of alternative programmes and in-school support to meet the needs of all vulnerable and challenging children, including those not ready for mainstream education.
3.7. Primary schools will also use delegated funding to make the same provision and may also access support from Oakfield School for school to school support system and behaviour pathways (see appendix 2 - Leicestershire Behaviour Support (Primary)).

3.8. The Fair Access Protocol should not be used as a means to circumvent the normal in-year admissions process. A parent can apply for a place as an in-year admission at any point and is entitled to an appeal when a place is not offered\textsuperscript{10}.

3.9. Undue delays in admission, particularly of Children in Care, will be referred to the Adjudicator (LA Schools) or Secretary of State (Academies). An application to direct from the Secretary of State should only be requested as a last resort\textsuperscript{11}.

3.10. Schools must admit children and young people promptly, and arrange short term educational support themselves, pending longer term support agreed via the partnership\textsuperscript{12}.

3.11. A school/academy that has delayed a decision to agree an in-year admission for a child can result in the child meeting the Fair Access criterion of a period out of school for more than two months. In these circumstances the Fair Access decision will normally result in the child being allocated to the delaying school/academy.

3.12. The LA will inform schools and partnerships when it becomes aware of other admissions processes in train for a particular case.

3.13. Placements decisions need to be based on full information. This will drive the development of systems and procedures and will not delay the entry of individual students.

\textsuperscript{6} - The term “Academies” in this document refers to all types of Academy schools, i.e. including Academy converters, sponsored Academies, and all types of Free Schools, including University Technical Colleges and Studio Schools, with the exception of Special Schools and alternative providers.

\textsuperscript{7} - Ibid section 3.9

\textsuperscript{8} - Sections 3.8, 3.12 and 3.13 of the National Admissions Code describe the arrangements for Children with EHCPs Sections 3.12 and 3.19 describe the arrangements for Children in Care. The Partnership Agreement: “Leicestershire Secondary Education and Inclusion Partnerships and Leicestershire County Council Allocation of Funding for Prevention and Provision in Respect of Excluded Children or Children at Risk of Exclusion”

\textsuperscript{9} - Ibid section 2.21

\textsuperscript{10} - The Secretary of State will base his decision having regard to whether due process, in line with the locally agreed provisions in the Fair Access Protocol, has been applied appropriately.

\textsuperscript{11} - The Protocol should establish the education provision a child will receive whilst discussions to identify a school place are taking place. In the event that the majority of schools / academies in an area can no longer support the principles and approach of the local Protocol, all the school heads should initiate a review with the local authority. The existing Protocol however remains binding on all schools and academies up until the point at which a new one is adopted

\textsuperscript{12} - Useful guidance on Alternative Provision is available at: http://www.education.gov.uk/aboutdfe/statutory/g00211923/alternative-provision
4. The Aims of the Protocol

4.1. The In-Year Fair Access Protocol aims to:

- Identify the needs of vulnerable and challenging pupils including those who are not on the roll of any educational establishment quickly and sympathetically.
- Reduce the time that vulnerable and challenging pupils miss out on education.
- Ensure that all schools/academies admit vulnerable and challenging pupils on an equitable basis.
- Be fair and transparent, and to build the confidence of all schools/academies, in the placement decisions made.

5. Timing and Application

5.1. Schools, Academies and the Local Authority will act together, with a sense of urgency, guided by the best interests of the young person, to identify a suitable school or academy place for those qualifying under this protocol.

5.2. Schools and academies, will reply to requests from the Local Authority to admit a young person under the Fair Access Protocol without delay, normally within 7 days. (For Secondary admissions the Local Authority will contact the local SEIP Coordinator who will speedily activate locally agreed procedures to process the admission and will require schools to respond speedily.)

5.3. The Local Authority will always consult and carefully consider any response before using its power over maintained schools to direct the admission of a young person. If following consultation the LA decides to direct, it will inform the governing body and head teacher of the school. The LA will do the same when considering requesting a direction for a child to be admitted to an academy through the Education and Skills Funding Agency.

5.4. The governing body of a maintained school can appeal against a direction by referring the case to the Schools Adjudicator within 15 calendar days.

5.5. If an academy has not agreed a start date for the child within 15 calendar days, the local authority can apply for a direction from the Secretary of State via the Education and Skills Funding Agency, who acts on his behalf in these cases. (Where a secondary academy has refused an admission following a decision by the local SEIP to allocate a child the LA expects that the academy
will agree a starting date for the child or set out its reasons for refusal in writing to the local authority and the Chair of the SEIP within 15 calendar days. The LA must not make a direction until the 15 days have passed since the decision to allocate the child to the school has been made by the local SEIP.)

5.6. Children in Care are particularly vulnerable. The Fair Access Protocol does not apply to Children in Care and schools have a duty to admit Children in Care when a request for admission is made. The admission authority of a school must inform the Local Authority within 7 days if it wishes to object to the admission of a Child in Care but such objections are likely to be over ruled.) (Local arrangements are in place in some SEIPS to note admissions of children in care to schools in order to inform any Fair Access admissions decisions that school partnerships may need to take subsequently.) (There is separate guidance for SEIP co-ordinators on their role in the admission of children in care, particularly those who remain the responsibility of other local authorities but are resident in Leicestershire.)

5.7. The Fair Access Protocol will not apply to a looked after child, a previously looked after child or a child with an EHCP in respect of naming the school in question, as these children must be admitted\(^\text{13}\). Appendix 2 provides further information on the different admissions processes.

5.8. Admissions authorities must not refuse to admit a child thought to be potentially disruptive, or likely to exhibit challenging behaviour, on the grounds that the child is first assessed for special educational needs.

5.9. Additional support for children in the following categories should be sought from:

- SEN. Through SENA (Special Educational Needs Assessment) for children with SEN Education Health and Care Plans,
- In the care of Leicestershire CC. Through the Virtual School for Leicestershire Children in Care,
- In need of multiagency support, Through a request for services e-form\(^\text{14}\). (Early Help Assessment.)
- In care but are the responsibility of a local authority other than Leicestershire. The virtual school of the originating local authority and through the SEIPs – contact the Co-ordinator.

\(^{13}\) DfE School Admissions Code (2014) para 3.12
5.10. Over subscription, including an individual Year Group that is regarded by a school/academy as “full”, cannot be used as a reason for refusing the admission of a child allocated to the school under the terms of the Fair Access protocol. Receiving schools are responsible for completing any necessary risk assessment as part of the admissions procedures. Risk assessments should be based on available information and updated if necessary when new information is received. The completion of a risk assessment is not a reason to delay entry for more than 3 school days

6. Responsibility for Pupils and Transfer between Secondary Education and Inclusion Partnerships (Secondary aged children only)

6.1. Children and young people are the responsibility of a SEIP if:

- They attend a partnership school or live within the county area of Partnership
- They attend a partnership school, but live outside the county and been subject to a second qualifying permanent exclusion within two years

6.2. Where children and young people transfer schools up to the end of KS3, the receiving school/partnership can expect the departed school/partnership to continue to fund any current alternative provision for a period of up to 6 weeks to allow new arrangements to be established.

6.3. Leicestershire Secondary Schools have agreed to minimise the movement of students between schools once they have entered Key Stage Four at the start of Year 10. Unless there is an overriding reason related to the welfare of a child any Fair Access cases for KS4 students who seek to move from one Leicestershire School to another will be turned down by the local SEIP and the original school will be asked to retain the child on roll. Full details of the local agreement are in Appendix Two.

6.4. In the Secondary Sector Fair Access Protocols operate within the five SEIPs and their associated families of schools. Where a SEIP is approached for a school place under Fair Access and the pupil lives and has been educated in another area, the partnership will make a referral to the “home” partnership. SEIPs may use the template letter in Appendix 3.

14 - http://website/index/children_families/commonassessmentframework.htm
7. Fair Access Procedures

7.1. The LA’s School Admissions Service will lead the Fair Access Protocol for primary aged children in partnership with Oakfield School and for secondary schools in partnership with the SEIPS as outlined in 3.2 above.

7.2. SEIPS will establish and maintain core groups to:

- Receive referrals for school places and/or additional support under this protocol
- Use their best endeavours to ensure children resident in their area receive appropriate educational provision when out of school pending placement under this protocol
- Organise the collection of additional information about the case to assist with decision making of the group
- Agree a school and start date in response to a request for placement at a school in the local area, and inform the LA Admissions Service
- Keep records of all referrals and their outcomes
- Provide standard reports for the annual LA report to the national Schools Adjudicator on the operation of the protocol.

7.3. Where schools do not accept the FA decisions of the partnerships (secondary) or the LA School Admissions Service (primary) so that a child remains without a place:

- For secondary aged children the SEIP will inform the LA’s School Admissions Service that they are unable to place, and for primary the individual school that refuses to accept a pupil must inform the LA’s School Admissions Service. The response to the LA must be within 15 working days.
- The LA School Admissions Service formally writes to a nominated academy/school\(^{15}\) indicating their intention to issue a letter of direction\(^{16}\) asking for a response as swiftly as possible and within the maximum allowed by regulation of 15 days, either in response to inability to place or a refusal to accept, or no response to a partnership decision within 7 working days.
- Any response from the school will be given careful consideration. If the LA accepts the reasons for refusal, the local SEIP will be asked to reconsider the placement decision (secondary) or a further academy/school will be approached (primary). If the LA do not accept the reasons, or no response is received within 15
days, a formal letter directing the academy/school to admit will be issued. The letter will explain the LA's reasons for rejecting the school's case.

- The governing body of an Academy can appeal to the Education Funding Agency, within 15 days from the letter of direction. Schools can similarly appeal to the Schools Adjudicator.

- If the Academy/School does not admit, the LA will consider applying for a direction from the Education Skills and Funding Agency (ESFA) in the case of Academies or the Secretary of State in the case of Schools.

7.4. Operational procedures are summarised in flow chart form in Appendix 2. The form for lodging appeals with the ESFA against a direction to admit is available at: [https://www.gov.uk/government/publications/academy-admission-request-form](https://www.gov.uk/government/publications/academy-admission-request-form)

7.5. Any school may ask the LA to consider action under this protocol where it does not wish to admit a pupil with challenging behaviour outside the normal admissions round. The National School Admission Code (under section 3.12) states that this will normally only be appropriate where a school has a particularly high proportion of children with challenging behaviour or previously excluded children. This provision does not apply to Children in Care, Children who have previously been in Care, or Children with Statements of Special Educational Needs.

15 - The LA will nominate the nearest school to the child’s home address, unless that school has already accepted significantly more fair access admissions than other schools in the area in that school year. Schools should expect to admit to an individual year group at least two FAP admissions during a school year (Aug-July). Further nominations will again be based on next nearest to home.

16 - For Academies, the ESFA issue directions based on referrals from Local Authorities.
8. **The process for requesting that the Secretary of State direct an Academy to admit a child**

8.1. The Local Authority and Academies are expected to mediate between themselves before a request is made to the Secretary of State to direct an Academy to admit a child.

- Therefore if a school/academy fails to comply with a Fair Access decision the School Admissions Service will ensure that reasonable efforts have been made by the SEIPs Chair and staff and by Local Authority Officers to resolve the issue and secure a place for the child (secondary)
- Reasonable efforts have been made by Admission Team staff, Oakfield staff and by Local Authority Officers to resolve the issue and secure a place for the child (primary)
- It has carried out a scrutiny of the records of the decision-making process for Fair Access to ensure that the process is in line with the Protocol and National guidance.

Once satisfied on these three points the Local Authority will have no option but to report the Academy to the ESFA:

8.2. Where reviewing an Academy direction, the ESFA will act on behalf of the Secretary of State to consider whether due process has been followed in applying the provisions of the Fair Access Protocol.

8.3. In requesting a direction from the Secretary of State, the Local Authority must provide evidence that the provisions of the Fair Access Protocol have been applied in a fair and appropriate manner, the Academy’s reasons for refusal and the Local Authority’s response.

8.4. The Local Authority should send the information using the above template link to the Education Funding Agency. On receipt of a request to direct, the Education Funding Agency will inform the school that it has received a request for a direction. The letter will request that the Academy provides any evidence other than that already received that the process has not been properly applied within seven calendar days. (The admission authority for an Academy must inform the LA within 7 days as to whether it will admit a child in care. If the LA decides after this consultation to direct admission, any undue delay will be referred to the Secretary of State.)
8.5. Where the Secretary of State is asked to consider a direction he will make that decision on the basis of the papers provided, taking into account:

- Whether the local Fair Access Protocol has been applied appropriately;
- The arguments of the Academy and Local Authority, whether the Local Authority has considered the arguments for refusal and why it still considers the Academy to be the appropriate provision for the child;
- Whether the Academy has been asked to accept a disproportionate number of children under the Fair Access Protocol compared to other schools.
- Evidence that the provisions of the Fair Access Protocol have been applied in a fair and appropriate manner, the Academy’s reasons for refusal and the Local Authority’s response.

8.4. The Local Authority should send the information using the above template link to the Education Funding Agency. On receipt of a request to direct, the Education Funding Agency will inform the school that it has received a request for a direction. The letter will request that the Academy provides any evidence other than that already received that the process has not been properly applied within seven calendar days. (The admission authority for an Academy must inform the LA within 7 days as to whether it will admit a child in care. If the LA decides after this consultation to direct admission, any undue delay will be referred to the Secretary of State.)

8.5. Where the Secretary of State is asked to consider a direction he will make that decision on the basis of the papers provided, taking into account:

- Whether the local Fair Access Protocol has been applied appropriately;
- The arguments of the Academy and Local Authority, whether the Local Authority has considered the arguments for refusal and why it still considers the Academy to be the appropriate provision for the child;
- Whether the Academy has been asked to accept a disproportionate number of children under the Fair Access Protocol compared to other schools.

9. Permanent Exclusions

9.1 Section 3.8 of the School Admissions Code makes clear that in the normal admissions round, admissions authorities must not refuse to admit children on the basis of their poor behaviour elsewhere. The same section also states that
admissions authorities do not have to comply with parental requests for places for a period of two years following a second permanent exclusion\textsuperscript{17}.

9.2. Local Authorities have a legal duty to provide education for permanently excluded children. Leicestershire undertakes this duty through a combination of Oakfield Pupil Referral Unit (primary) and locally arranged provision by SEIPS. Details are set out in the Partnership Agreement: (“Leicestershire Secondary Education and Inclusion Partnerships and Leicestershire County Council Allocation of Funding for Prevention and Provision in Respect of Excluded Children or Children at Risk of Exclusion)

9.3. Schools will take particular care to explore every possible alternative to permanent exclusion especially in the case of Children in Care, given the disrupted education that is so often part of their experience.

10. **Provision from the 6th day of Permanent Exclusion**

10.1. Local Authorities have a duty to arrange full-time educational provision for permanently excluded children from the 6th day of a permanent exclusion. For Primary Pupils provision is made via the Oakfield Short Stay School. For Secondary Pupils arrangements are set out in the Partnership Agreement.

10.2. Schools and academies are responsible for educational provision for fixed term exclusions from the 6th day.

11. **FAP and Pupils not ready for School**

11.1. Section 3.9 if the National Admissions Code requires Fair Access to Protocols to set out how the local authority will use provision to ensure that the needs of pupils who are not ready for mainstream schooling are met.

11.2. For Primary aged pupils, the local authority maintains a Pupil Referral Unit, for pupils with challenging behaviour. Pupils may have been permanently excluded or dual registered with a mainstream school. The provision is designed as a revolving door facility, so that pupils during their stay of around 6-12 months, they are assessed, supported academically and socially, and prepared for either a return to mainstream provision or special education placement.

\textsuperscript{17} - The twice excluded rule does not apply to children who were below compulsory school age at the time of the exclusion, children who have been re-instated following a permanent exclusion (or would have been had it been practical to do so), and children with statements of special educational needs.
11.3. A range of early help services are available in local areas to support families in difficulty. Support can be accessed via a request for services e-form: http://www.leicestershire.gov.uk/education-and-children/social-care-and-supporting-families. (and click on - Early help for children and young people for the e-form.)

11.4. For secondary pupils, the SEIPS have devolved resources to provide alternative education programmes for students who cannot attend mainstream school. Early help services are also available as in 11.3.

12. Fair access and Elective Home Education

12.1. Secondary Schools in Leicestershire will use the Fair Access Protocol and Procedure for CYP applying to schools after a period of Elective Home Education if the following criteria apply:

- The child is returning to the same phase of education;
- The child has been out of secondary school for no more than a period of two years;
- The child has not moved address so that the journey to the assigned school (or another setting in the partnership area) would be unreasonable.

12.2. Schools agree that the default position for a Fair Access decision will be to return the child to the roll of the school that he or she previously attended.

12.3. If the child has additional needs arising from a previous or existing EHCP the child may be referred by the school to the Partnership for support so that the child may not attend the on roll school. The SEIPS may decide that the child should be educated full or part time in the on roll school, another partnership school and/or in a partnership programme.

13. Transport

13.1. All arrangements for transport are detailed in the local authority's transport policy: http://www.leicestershire.gov.uk/education-and-children/school-transport

14. Dual Registration/ Managed Moves

14.1. In order to provide support for children who may be at risk of permanent exclusion, the SEIPS or the Short Stay School - Oakfield may approve a managed move or a dual (or multiple) registration. Such arrangements should be made in accordance with the Managed Move and Dual Registration Protocols. The responsibility for placing students who have been permanently excluded
from a secondary school in Leicestershire rests with the local SEIP and is described in the Partnership Agreement between the Leicestershire SEIPS and Leicestershire County Council.

15. Reporting Requirements

15.1. Local Authorities must produce an annual report on admission and Fair Access for all schools and academies in their area. This report must be published locally and then sent to the Adjudicator by 30 June each year. Information for this report must be collated, updated and provided by the SEIPS and Oakfield Referral Unit on request. The report must cover as a minimum:

- Information about how admission arrangements in the area of the local authority serve the interests of looked after children and previously looked after children, children with disabilities and children with special educational needs, including any details of where problems have arisen;
- an assessment of the effectiveness of Fair Access Protocol and co-ordination in their area, including how many children were admitted to each school under the protocol;
- the number and percentage of lodged and upheld parental appeals;
- and any other issues the Local Authority may wish to include.

16. Children Missing Education

16.1. Children and Family Services maintain information about

16.2. Children missing education as required by guidance issued in

16.3. Therefore, it is vital that all placements are resolved as quickly as possible to prevent pupils missing education.

16.4. The named individuals responsible for receiving details of children found missing from education and for brokering support for them through the most appropriate agencies are:

- Helen Bakewell, School Admissions and Pupil Services County Hall, Glenfield, Leicester, LE3 8RF
- Tel: 0116 3052071 - email: cme@leics.gov.uk

20 - http://www.education.gov.uk/g00229816/children-missing-education
16.5. The process of tracking pupils without an educational placement is part of our collective responsibility and on-going commitment to safeguarding the welfare of young people. It is vital that anyone who becomes aware that a child is not, or does not appear to be in education, notifies the named person with the responsibility for pupils missing from education in Leicestershire.21

17. Information sharing and security

17.1. All parties must ensure that all information shared for the purpose of this area of work should be transferred in accordance with the relevant Information Sharing Agreements, using safe, secure and if necessary encrypted channels.

18. Review Arrangements

18.1. The LA will review the fair access protocol after twelve months, and then at least every three years. The LA will not refuse a reasonable request from schools or other interested parties to undertake a review. While any review is underway, the existing protocol applies.

APPENDIX 1: Relevant Legislation

This appendix sets out the primary legislation most relevant to admission and Fair Access decisions. Admission Authorities, Schools, Adjudicators, Appeals Panels, Local Authorities and Maintained Schools must comply with the relevant law as well as acting in accordance with the provisions of this Code. This Code and the School admission Appeals Code (the Codes) is applied to Academies through their Funding Arrangements. The information here aims to signpost the relevant law; it does not aim to provide definitive guidance on interpreting the law that is for the courts.

Primary Law

Extract from Fair Access Principles and Protocols

DFE Departmental Advice 2012

Principles

- Every local authority must have a Fair Access Protocol, agreed with the majority of its schools, in which all schools (including Academies) must participate since it is binding on all schools.
- Schools (including Academies) should work together collaboratively, taking into account the needs of the child and those of the school.
- There is no duty to comply with parental preference when allocating places through the Protocol but it is expected the wishes of the parents are taken into account.
- When seeking to place a child under a Protocol, all schools should be treated in a fair, equitable and consistent manner. Fair Access Protocols should not be used as a means to circumvent the normal in year admissions process.
- A parent can apply for a place as an in-year admission at any point and is entitled to an appeal when a place is not offered.
Leicestershire Agreement re KS4 Roll

Leicestershire Secondary Education and Inclusion Partnerships Agreement re Year 10 and 11 student moves.

Background

Following a discussion at LSH in 2016 and subsequent discussion in SEIPS Heads Groups the following has been adopted as part of the County Secondary Fair Access Protocol

Secondary schools recognise that they have responsibility for securing a school place for any child who needs it. We recognise that any move into a school in Years 10 and 11 is always problematic for school and student.

For Year 10 and 11 students seeking to move from one to school to another within a partnership:

- All partnership schools will discourage parental requests for moves from one partnership school to another for Year 11 students.
- Where the request is for a student who meets the Fair Access criteria the FA Panel will refuse the request and reallocate the student to the school where he or she was previously on roll.
- Where a student meet the Fair Access criteria as a result of being out of school for a period of time, the Partnership will reassign the student to his or her previous school (where that school offers provision for Year 11 students.)

Where the interests of the student are best served by:

- attending another school
- part or full time partnership or alternative provision

this agreement will not impede such arrangements. The student will remain on the roll of the current school and the school will remain involved in the planning and accountability for the student.

For Year 10 and 11 students seeking to move from one school to another across partnership boundaries the same approach will be applied unless:

- The child has moved address to another partnership area
- The new partnership area has not yet adopted this approach

The normal Fair Access Process applies to any Year 10 and 11 students who

- moves into a Partnership area from another part of the country
- needs a school place as a result of losing a place in the private sector is permanently excluded by a Partnership school
Leicestershire Secondary Education and Inclusion Partnerships
Fair Access Process – Partnership and School Admissions Responsibilities

Does the child meet the Fair Access Protocol criteria as an “in year Fair Access” Admission? (see Note 1 and 2) Key Criteria for Fair Access are listed overleaf.

YES: Is the home address of the child in the catchment area of one of your Partnership Schools. (Note 3).

NO: This is a matter for the individual school and LA Admissions service. If the school feels they need Partnership support they must make a referral.

YES: The Partnership collectively decides which school should admit the child in line with the Fair Access Protocol.

NB: Schools have to admit – they cannot claim they are full.

If Schools do not attend the Partnership they still have to abide by the decision.

The collective decision of the Partnership overrides parental preference (although parents retain the right of an Admissions appeal) (see Note 5).

NO: The Home Authority or Home Partnership retains responsibility for placing the child but can request that another Partnership considers whether one of its schools can offer a place, if this is thought to be in the best interests of the child. The Home Authority / Partnership will provide the background to their requests so that requested Partnership’s Panel can consider it fully. If the Panel says

YES: The partnership meets the request and allocates the place (Admissions and referring co-ordinator informed).

NO: Ensure that the case has been discussed and that reasons for turning down the request have been recorded.

Inform the Co-ordinator of the referring “Home” Partnership that you are unable to help giving reasons for the decision. Inform School Admissions who may need to facilitate an Appeal in response to parents’ wishes. (see note 5)

Leicestershire’s Partnership Co-ordinator must inform nominated school if necessary and should check that the child has been placed on the roll

YES: Inform School Admissions

NO: Inform School Admissions team and ask for swift action to let the school know that a referral to the EFA will follow if they do not admit. (See Note 4) Checking after a week to see that the issue has been resolved – if no resolution inform CME team.
Notes as part of Appendix 3 Fair Access Flow Charts

Note 1: In the rare event of the Partnership disagreeing with Admissions as to whether a child is "Fair Access"

The Partnership should record its reasons for its view and the Co-ordinator and Chair should discuss the case with School Admissions.

Note 2: Occasionally a child will be judged as "Fair Access" where he or she had previously been on roll at a Partnership school.(see 2.1.2 below) (For example where a child has moved temporarily to another area and then returned, or been educated at home for a period.) In these circumstances Partnerships will normally allocate a place at the previous partnership school, on the basis that this is likely to be in the child’s best interests – and will override the aim of maintaining balanced allocations across the Partnership.

Note 3: The responsibility for ensuring that a "Fair Access" child is allocated a school place rests with the Partnership in which the child lives. The "home" Partnership may ask other Partnerships to consider offering the child a place if there is good reason for this. The “home” Partnership retains the responsibility for following this through, or in the event of the second Partnership being unable to help, offering a school place in one of its member schools.

Note 4: School Admissions will respond to your report that one of your schools is refusing to admit a child allocated a place by your Fair Access process as follows:

- Phone or personal contact with school to explain why the decision needs to be implemented
- Warning letter setting out the LAs responsibility to report breaches of its FAP to the Education Funding Authority
- Notification to the EFA that a school is in breach of the FAP

Note 5: In the very rare circumstances where a Parent appeals against a FAP admissions decision the Appeal would be handled by School Admissions. It is important that Partnerships have an evidence trail to show how their decisions have been reached, including where they have been asked to consider a case from another Partnership or LA. This provides key evidence for Admissions in seeking to resist the Appeal
APPENDIX 4

Distinguishing the Five admissions processes: Fair Access, Children in Care, Children with Statements, Within Year Admission, Normal Admissions Round

Admission of Vulnerable Children who may need additional support

<table>

Leicestershire Fair Access Flow Chart (secondary)

Parental Request Received - SEIPS approached

SEIPS and Admissions Service (SAPS) agree pupil meets Fair Access Criteria. BP have 7 school days to propose a school. School has 15 school days to consider. School response considered by LA

If no SEIP response or school refusal to accept agreed, SAPS formally approach nearest or next nearest school/academy subject to previous FAP admissions, asking for a response within 15 school days, or 7 school days if Young Person is in Care

I school refuses, and LA do not accept reasons, SAPS contacts the headteacher to ensure no communication failure, and indicates intention to issue direction.

School agrees to accept child on roll. The school may act as a host school for an Alternative Education Programme

If academy refuses, and LA do not accept reasons, SAPS contacts the headteacher to ensure no communication failure, and indicates intention to issue direction.

Local Authority informs school of intention to direct

Governing Body can appeal by referring case to Schools’ Adjudicator within 15 calendar days (seven days for a looked after child)

Direction not up-held. Local Authority cannot direct (schools’ Adjudicator can direct alternative school

Direction up-held. Local authority has power to direct

Local Authority applies for a direction to the ESFA from the Secretary of State, putting forward case for and against (Academy has seven days to make further representation)

Secretary of State directs Academy

No direction. Alternative school to be identified by Local Authority

School/Academy agrees start date with pupil’s parents
Leicestershire Fair Access Flow Chart (Primary)

Parental Request Received

If Admissions Service (SAPS) and Oakfield agree pupil meets Fair Access Criteria. Requested school will be approached supported by Oakfield School’s - School to school support system and behaviour pathways

School has 7 days to consider the application. If school reasons to refuse are reasonable\(^2\) SAPS formally approach next nearest school / academy asking for a response within 7 school days.

If LA do not accept reasons, SAPS contacts the headteacher to ensure no communication failure, and indicates intention to issue direction if community school.

School agrees to accept child and takes on roll support offered by Oakfield School. The school may act as a host school for an Alternative Education Programme.

LA do not accept reasons, SAPS contacts the headteacher to ensure no communication failure, and indicates intention to issue a referral to the Secretary of State (EFA) if an academy.

Local Authority informs school of intention to direct.

Local Authority informs academy of intention to request a direction.

Governing Body can appeal by referring case to Schools Adjudicator within 15 calendar days (seven days for a looked after child)

Academy sets out reasons for refusal in writing to Local Authority within 15 calendar days (seven days for looked after child)

Direction not up-held. Local Authority cannot direct (schools Adjudicator can direct to alternative school)

Direction up-held. Local Authority has power to direct.

Local Authority applies for a direction to the EFA from the Secretary of State, putting forward case for and against (Academy has seven days to make further representation)

Secretary of State directs Academy

No direction. Alternative school to be identified by LA

School/Academy agrees start date with pupil’s parents

*Note: A community or voluntary controlled school cannot refuse to admit a pupil if requested by its own admissions authority.
*Triggers include: poor school attendance history, exclusions, school moves, SEN, LAC and Social Care Involvement.
Referral for Consideration under Home Protocol

Template Letter: School governors refusing FAP case, and passing back application back to nearest home FAP for consideration:

Dear Parent

Thank you for your application dated Z for a place at XXX County School. This was initially passed to the XX area partnership for assessment under the County Council’s fair access protocol.

Fair Access Protocols are agreed locally for schools by all local authorities to ensure that unplaced children, and particularly the most vulnerable, are offered a place at a suitable school as soon as possible.

Following an initial assessment, your application for admission to XXX School has been refused on the grounds that the school already have a disproportionate number of challenging pupils on roll (however, you retain the right to appeal this refusal).

Department for Education advice is clear on Fair Access Protocols and states parental preferences do not have to be taken into account, and instead it is more important to find an appropriate school or provision that best meets the pupil’s needs.

I have therefore arranged for your application to be referred to the relevant local authority for your home address area to consider your application under their fair access panel:

3.12 Where a governing body does not wish to admit a child with challenging behaviour outside the normal admissions round, even though places are available, it must refer the case to the local authority for action under the Fair Access Protocol.

For information contact details for your home Local Authority are: LA
