

Going back to school

School is open again after the holidays and it is time

for you to go back to school.

Going back to school is important.

When you go back to school you will see your

teachers and friends.

It might be a little bit different at school.

Your teachers might wear a mask, gloves and aprons.

This is ok, this is to keep all the children safe.

Your teachers will help you to be safe by telling

you to wash your hands often.

Your teachers will tell you more about what might be

different when you go to school.

It is ok to feel worried about going back to school.

If you feel worried you can talk to your family.

If you are worried when you are at school you can

talk to your teachers.

It is ok to go back to school and your teachers will

keep you safe.
